OH ..

Hey,
this is N0r1x, the guy that translated and typesetted this. This is my first attempt at doing this.
I found raws of this series somewhere and tought it looked pretty cool. Checked if it was scanlated but sadly enough it was not. I'm trying to translate this series to English with almost no knowledge of Spanish (but I've had classes in French, Portuguese and Latin). Everybody that wants to help is welcome: please leave a comment with errata (mistranslations or English grammar mistakes).
Special thanks to Google translator and some helpful /a/nons.
Yes, the redraw at p.7 SUCKS.
